About me

Hello, I'm Helena, a 6ft Creative Frontend Developer! Naturally, the name of my sole proprietorship had to be Six Feet Creative. As the youngest out of three siblings, my upbringing served as a boot camp in creativity, teamwork, and wit.

I've always had a love for working with people, but even though humans are great fun – we are still outnumbered by tech devices. Therefore, I strive to get on with them as well.

Projects

Who said what?
In progress

Party game to go through old facebook statuses.

Bootstrap | React
[GitHub Repo](#) | [Not deployed](#)

Todo-list in React
Current School Project

Fullstack development school project.

React | PostgreSQL | Node.js
Sequelize | Express
[GitHub Repo](#) | [Not deployed](#)

My first game
Cats of Wolfstreet

Experience

SIX FEET
Frontend Developer, Music Producer
Six Feet Creative

Since 2019 I've run my sole proprietorship, freelancing as a consultant both within the music- and now tech industry.

Present
Stockholm, Sweden

Internship, Music Producer
RMV Publishing

Working as a music producer taught me a lot about communicating with clients, working in new teams and being flexible and problem solving oriented.

Jan 2020 – Dec 2020
Stockholm, Sweden

A&R Assistant, Internship & Consultant
Cosmos Music Group

As first intern and later hired consultant at Cosmos MG, I got the chance to manage several projects and practice working with many different clients.

Nov 2017 – April 2018
Stockholm, Sweden

Education

Hyper Island
Present

Frontend Developer Program (400YHP)
